## Proposal for resolution on authorization for the board of directors regarding issues

The board of directors of Truecaller AB, Reg. No. 559278-2774, proposes that the annual general meeting on 23 May 2024 resolves to authorize the board of directors, at one or several occasions, during the time up until the next annual general meeting, with or without deviation from the shareholders' preferential rights, and with or without provisions regarding payment in kind or through set-off or other provisions, to resolve to issue new series B shares, convertibles and/or warrants entitling to conversion or subscription of series B shares. The total number of series B shares that may be issued (alternatively be issued through conversion of convertibles and/or exercise of warrants) shall not exceed 39,171,157, which corresponds to a dilution of ten (10) percent of the number of issued shares after the completion of the cancellation of shares proposed under item 16 on the agenda to the annual general meeting. To the extent an issue is made with deviation from the shareholders' preferential rights, the subscription price shall be on market terms (subject to customary new issue discount, as applicable). The purpose of the authorization is to be able to carry out and finance acquisitions of companies and assets and to give the board of directors increased room for maneuver and the opportunity to adapt and improve the company's capital structure.

The CEO shall be authorized to make minor formal adjustments of the resolution which may be required for registration with the Swedish Companies Registration Office (Sw. Bolagsverket).

For a valid resolution, the proposal has to be supported by shareholders representing at least two-thirds of the votes cast as well as of all shares represented at the annual general meeting.
